

Accessories and Options for EP-TRACER

Measure the Difference.

SMART.
PRECISE.
RELIABLE.

SCHWARZER CARDIOTEK has a long history
in the development of diagnostics for cardiology.

Today, our systems reflect the continuous cooperation with cardiologists and
scientists, combining state-of-the-art research and development to deliver the
smartest, most reliable and precise hardware and software solutions to our
customers.

Measure the Difference.

Catheter Connection Blocks

01CCB04-G CCB4G

Catheter connection block with 20 intracardiac inputs for a maximum of 10 bipolar or unipolar channels. To be connected only in INT1 or INT2.

01CCB05-G CCB5G

Catheter connection block with 16 intracardiac inputs for a maximum of 16 bipolar or unipolar channels. To be connected only from INT3 to INT6 (EP-TRACER 70 and 102 devices only).

01CCB06-G CCB6G

Catheter connection block with 10 intracardiac inputs for a maximum of 10 bipolar or unipolar channels. Specially designed for circular mapping catheters. To be connected only in INT1 or INT2.

01CCB08-G CCB8G

The catheter connection block is specifically designed for CSP procedures to display the Current of Injury (COI). It supports up to 10 channels, depending on the license. To be connected only in INT1 or INT2.

Not available in all markets.

CCB Accessories

03UBC05

03UBC02

UNI/BIP

Adapter Cables Set

Splitter cables: used to split an intracardiac input to two different channels.

Cable Sets

03UBC05 Set of 5 cables

03UBC02 Set of 10 cables

03CCB01 CCB Cable

Cable for connecting the catheter connection blocks to the EP-TRACER device. Suitable for all CCBs.

06HLD01 Stainless Steel Holder for 2 CCBs

Stainless steel holder for two catheter connection blocks. Holder includes a clamp so it can be mounted to the norm rails of the patient bed.

ECG CABLES

Detail View

03ECG01 03ECG02 ECG Cable

10-electrodes cable to display 12-leads ECG.

03ECG01 Length 300 cm

Combine with

03ECG03 Translucent ECG Cable Set

Radiotranslucent extension cables for the ECG cable.

Specifications 03ECG03

Set with 7 pieces

Length 90 cm

Edwards Pressure Cable and Transducer

Length
390 cm

Detail View

03PRS01 Edwards Pressure Cable

Pressure cable for use with Edwards Lifesciences PX600F transducers.

Combine with

04PRS01 Edwards Pressure Transducer

Pressure transducer from Edwards Lifesciences model PX600F. Can be used only in combination with the Edwards pressure cable.

Specifications 04PRS01

Single-patient use

Sterile

Ohmeda Becton Dickinson Pressure Cable

Length
175 cm

Detail View

03PRS02 Pressure Cable for BD

Pressure cable for use with BD DTX plus transducers.

Combine with

04PRS02 Pressure Sensor BD DTX plus

Pressure transducer from BD model DTX plus. Can be used only in combination with the pressure cable for BD transducers.

Specifications 04PRS02

Single-patient use

Sterile

BBraun Pressure Cable

Length
295 cm

Detail View

03PRS04 Pressure Cable for BBraun

Pressure cable for use with BBraun transducers.

Combine with

**BBraun Combitrans
disposable transducer**

Aluminium Suitcase for EP-TRACER 38

Detail View

08ACC01

Aluminium Suitcase for EP-TRACER 38

Aluminum suitcase. Used to safely store and transport an EP-TRACER 38 device plus accessories.

Length	Width	Height	Weight netto
500 cm	300 cm	15 cm	2,71 kg

Smart Keyboard

32KPD00

Smart Keyboard EP-TRACER

Smart Keyboard for single-key access to specific software functionalities.

32USK02

32USK03

Disinfectable Desktop Keyboard (D and US)

Types

32USK02 German version QWERTZ USB keyboard

32USK03 US version QWERTY USB keyboard

32OMS02

Disinfectable Desktop Mouse

Disinfectable mouse for EP-TRACER.

Monitor Connection

03DVI00 DVI Extender Set

Pair of DVI connectors to extend digital video signal by means of an optical fiber cable. The connectors have to be powered. Power cables are included.

03DPE00 Display Port Extender Set

Display Port extender connectors to extend digital video signal by means of an optical fiber cable. The connectors have to be powered. Power cables are included.

03FIB10 03FIB20 03FIB30 Optical Fiber

Can be used in combination with the DVI extender set, with the Display Port extender set or with the USB extender hub (page 13).

Types

03FIB10 Length 10.0 m

03FIB20 Length 20.0 m

03FIB30 Length 30.0 m

Amplifier Connection

03UEH00 USB Extender Hub

Pair of transmitter and receiver modules to extend USB communication by means of an optical fiber cable. Cables for powering the hubs are included.

To use with **03FIB10 / 03FIB20 / 03FIB30** (see page 12).

USB Connections, Powerbox & Filter

03USB01 USB Cable

USB cable of 1.8 meters to establish communication between the EP-TRACER device and PC. Also used with ProCart.

Length
180 cm

03USC01 USB Serial Converter

USB-to-serial converter. Used to connect serial or null-modem cables to any USB port of the EP-TRACER system.

Length
60 cm

03SNC01 Serial Cable for Cryo

Null-modem cable of 3 meters. Used to receive cryo ablation data from the Cryo Console from Medtronic.

Length
300 cm

05POB01 Powerbox

Power supply for the EP-TRACER device.

08FILO1 Filter Set

Set of 5 filters for fan (only for EP-TRACER 70 and 102 models).
